Permit Requirements

Permit No.: _____

Page 2 of 2

GENERAL CONDITIONS:

1. There shall be double pipe protection on the road allowance with no pipe connectors in this area. Passage under the road shall utilize existing county culverts.
2. The irrigation pipe shall be placed perpendicular to the County road allowance.
3. Crossing shall not be within 100 metres of a Municipal Drain or a watercourse with moving water.
4. Maximum period for transfer crossing is three days.
5. Emergency contact number _____ . Person to be available at all times while pipe is on County property.
6. Applicant must monitor the crossing and must ensure the presence of the irrigation pipe will not adversely affect the movement of surface water in the event of an existing or impending storm. The irrigation pipe shall be removed in the event of a storm or emergency.
7. The applicant agrees to advise the County when pipe is to be installed on the road allowance and to have the plant inspected prior to use. The County reserves the right to retain all or part of the deposit to offset County costs if more than one inspection is required.

We, the undersigned applicants, agree and bind ourselves to indemnify and save harmless the County of Middlesex from any and all claims arising as result of the work for which this Permit is issued.
